

# Pedestrian and Cycle student sheet

## Crash Magnets DVD Programme I Follow Up Pedestrian, cycle and travelling by bus

Put a tick beside the quotes that you agree with.

“Obviously there are distractions around. You can’t always be aware of the traffic but you do as best as you can.”

“Quite careful. My Mum’s always brought me up to be careful. Stop, look and listen.”

“I know that sometimes I do step out without looking because I just think that cars should stop because I would stop. Then sometimes I just step out and I go: ‘I shouldn’t have done that’, I don’t think I’m a very good pedestrian.”

“I’m a good pedestrian. Yeah, a very good pedestrian. I always look. I don’t want to get run over and I don’t just run across roads and I only use traffic lights.”

How would you describe yourself as a pedestrian?

.....  
.....

Is cycling becoming a more popular way of getting around? When would you get your bike out?
